The City Directory

Every line of **BUSINESS**
calls for
INTELLIGENT ADVERTISING

Eye-catching Advertising caters to a chance trade, whose eyes are wandering.

Businesslike Advertising puts its display where it will be seen by those **Looking** for the message it bears.

IF YOU WANT TO KNOW
The meaning of a word, **Where Do You Look?** In the **Dictionary.**

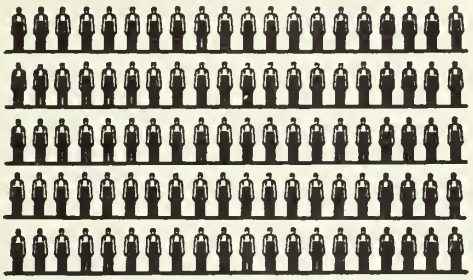
Who sells what you want to buy,
IN THE DIRECTORY.

A directory is **On The Job 365 Days** in the year, and he who looks therein does so because he
WANTS SOMETHING.

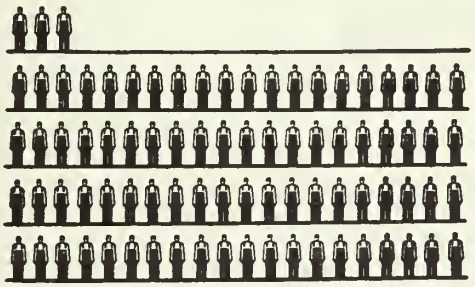
THE PRICE & LEE CO.

Directory Publishers

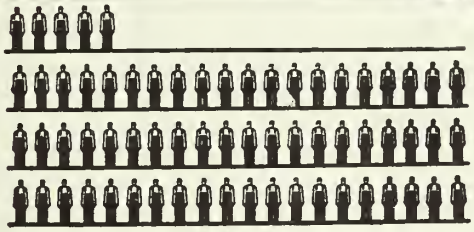
HOW MANY CHANGES IN A YEAR?



Out of every **100** People as listed in the last Directory



16% to **18%** Move away or die



17% to **19%** "New" people move into town or reach listing age.

26% to **29%** More change their addresses or their jobs or some other vital fact that affects their listing.

(All that's left that's good)

Making a total of **59%** to **66%** of the People listed who have new information in some particular which can be surely found only in the **NEW DIRECTORY**

Note: These figures are from repeated checks in numerous cities and do not vary 5% in any one year.

THAT IS WHY NEW DIRECTORIES MUST BE PUBLISHED EVERY YEAR.

The Mortality of Advertising

The waste basket is the grave of millions of dollars worth of advertising every year. Keep your advertising out of the waste basket by using mediums that are not thrown away. The City Directory is on the job 365 days in the year and no level headed man will think of the waste basket and the City Directory at the same time.

The Price & Lee Company

United States Post Office

SPRINGFIELD, MASS.

ZIP CODE INFORMATION

ZIP Code is a five-digit code which identifies a delivery unit and associates that unit with a major post office through which mail is routed for delivery.

The first digit identifies one of ten large areas of the nation. The first three digits identify a major city or major distribution point. The five digits identify an individual post office, a zone of a city, or other delivery unit.

This directory has been published to assist you in determining the ZIP Code applicable to various streets in one city. The addition of the ZIP Code to the address on mail will expedite the distribution and forwarding of your mail to the point of delivery.

Contact your local postmaster for instructions concerning the adding of ZIP Code numbers to your mailing list without charge.

In this directory, the three digits appearing at the top of each column should precede the two digits listed opposite the street entries. Where no house numbers are shown, the entire street is within the area of the ZIP Code indicated.

When the word "Out" appears after a number, it signifies that particular house number and any higher number on that particular street is within the ZIP Code area indicated. For example:

	ZIP Code
Washington Ave	401
1100 - Out	03

indicates all house numbers on Washington Avenue from 1100 upward apply to ZIP Code 40103.

Mail formerly addressed using a Postal Zone number should now use a ZIP Code. For example:

Mr. John Doe
2103 Washington Avenue
Louisville 3, Ky.

Should be addressed:

Mr. John Doe
2103 Washington Avenue
Louisville, Ky. 40103

Your cooperation in using the ZIP Code is appreciated. For further information, call your postmaster.

SPRINGFIELD NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, office or store at tbat number was vacant when the canvass was made.

"Right odd" after street description indicates odd numbers on right side of street.

The symbol ◎ following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.
